

Product catalogue

Products for Cosmetic Applications

It is our foremost aim to develop and manufacture products that are **100% custom-tailored to meet your needs.**

The list of concentrated plant extracts and their compounds below only represents a small selection of many possible variations. We will develop the best-fitting products for your specific formulation in close cooperation with you.

Please ask about our exclusive **plant extract compound** program, in which we develop a compound that exactly meets the requirements of your product to suit your marketing strategy. We look forward to receiving your challenge!

PRODUCT	INCI	INGREDIENTS	RECOMMENDED APPLICATION
ACACIA MILK preserved Art. No. P-00019727	Glycerin, Aqua, Acacia Farnesia Extract, Lactis Lipida	Lactose, lactic acid, vitamins A and E, proteins, enzymes	Skin softening emollient effect, especially suited for skin and hair products, moisturizing, promotes skin elasticity in crèmes and shampoos
ALGAE COMPOUND not preserved Art. No. P-00019728	Propylene Glycol, Aqua, Laminaria Japonica Extract, Chondrus Crispus Extract, Fucus Vesiculosus Extract	Proteins, mucins such as alginic acid, fucodine, laminarin	Firming, exsiccating: recommended for body wraps, cellulitis products, body lotions
ALOEMILK L preserved Art. No. P-00019623	Glycerin, Aqua, Phosphatidylcholine, Alcohol denat, Aloe Barbadensis Gel Extract, Carthamus Tinctorius Oil	Proteins, aloins A and B, resins, aloesin	Gentle revitalizing and moisturizing properties: crèmes, shampoos, bath additives
ALMOND MILK preserved Art. No. P-00019531	Glycerin, Aqua, Prunus Dulcis Extract, Lactis Lipida	Almond oil, glucose, amino acids, lactose, lactic acid, vitamins A and E, proteins, enzymes	Skin softening emollient effect, especially suited for skin and hair products, moisturizing, promotes skin elasticity in crèmes and shampoos
ALPINE HERB COMPOUND preserved Art. No. P-00019464	Glycerin, Aqua, Centarium Erythraea Extract, Alchemilla Vulgaris Extract, Gentiana Lutea Extract, Arnica Montana Extract, Rhododendron Chrysanthum Extract, Artemisia Vulgaris Extract	Bitter substances, tanning agents, essential oils	Bath products, body wash products, skin tonic
AMINO + FRUIT ACID not preserved Art. No. P-00019465	Polysorbate 20, Sabucus Nigra Extract, Aqua	Fruit acids, amino acids, vitamin C, polysaccharides, minerals	Gentle peeling, stimulants: applications in crèmes, shampoo, tonic
ANTI-DANDRUFF COMPOUND not preserved Art. No. P-00019471	Glycerin, Aqua, Arctium Lappa Extract, Nasturtium Officinale Extract, Usnea Barbata Extract, Quercus Rubra Extract	Usnic acid, tanning agents, mustard oil glycoside, essential oils, vitamins	Soothing, cleansing, antibacterial, antiseptic: especially suited for hair and scalp care products
ANTI-ROSACEAE COMPOUND "C" G not preserved Art. No. P-00019600	Glycerin, Aqua, Vitis Vinifera Extract, Rosa Gallica Extract, Ginkgo Biloba Extract	Tartaric acid, maleic acid and succinic acid, tanning agents, vitamin C, ginkgolides, sesquiterpene	Astringent, anti-inflammatory: crèmes, tonics and wraps for the treatment of rosacea and inflammatory skin conditions

PRODUCT	INCI	INGREDIENTS	RECOMMENDED APPLICATION
APRICOTMILK L preserved Art. No. P-00019501	Glycerin, Aqua, Phosphatidylcholine, Alcohol denat., Prunus Armeniaca Extract, Carthamus Tinctorius Oil	Fruit acids, proteins, minerals, vitamins	Gentle revitalizing and moisturizing properties: crèmes, shampoos, bath additives
ASTRINGENT COMPOUND preserved Art. No. P-00019683	Propylene Glycol, Aqua, Quercus Robur Extract, Centaurium Erythraea Extract, Verbena Officinalis Extract, Hamamelis Virginia Extract	Essential oils, tannins, vitamin C, glycosides, minerals	Astringent, anti-inflammatory: lotion, tonic, body milk, shampoo, bubble bath
BEARD LICHEN EXTRACT "C" TOP not preserved Art. No. P-00001108	Polysorbate 20, Aqua, Usnea Barbata Extract	Polysaccharides, usnic acids	In wash products for bad skin, acne cosmetics, deodorants, foot care products
BLUE BERRY COCKTAIL not preserved Art. No. P-00019511	Glycerin, Aqua, Sambucus Nigra Extract, Vaccinium Myrtillus Extract, Juniperus Communis Extract	Rutin, sambucin, tanning agents, fruit acids, vitamins	Cleansing, soothing, anti-inflammatory: tonics, shower gels, shampoo
CHAMPAGNE EXTRACT preserved Art. No. P-00019595	Glycerin, Aqua, Vitis Vinifera Extract	Fruit acids, saccharides, minerals	For mild peeling products and emollient cosmetic products
CELLACTIVE COMPOUND not preserved Art. No. P-00019479	Polysorbate 20, Viola tricolor Extract, Ananas Sativus Extract, Citrus Grandis Extract, Aesculus Hippocastanum Extract, Fucus Vesiculosus Extract, Elettaria Cardamomum Extract	Flavonoids, resins, gum Arabic, saponins, essential oils, cellulose, mucins, mannite, aescin, fruit acids, vitamin C, camphor	Cellulites therapy, body crème, massage crème
COTTON MILK preserved Art. No. P-00019731	Glycerin, Aqua, Lactis Lipida, Gossypium herbaceum Seed Extract	Minerals, wax, protein	Gentle revitalizing and moisturizing properties: crèmes, shampoos, bath additives
DEODORANT COMPOUND not preserved Art. No. P-00019736	Propylene Glycol, Salvia officinalis Extract, Ribes nigrum Extract, Eugenia caryophyllus Extract, Usnea Barbata Extract	Usnic acids, flavonoids, essential oils, tanning agents, steroids, vitamin C	Antibacterial effect, foot care, special skin care, antiperspirant, deodorant

PRODUCT	INCI	INGREDIENTS	RECOMMENDED APPLICATION
EXOTIC FRUIT COMPOUND not preserved Art. No. P-00019624	Glycerin, Aqua, Carica Papaia Extract, Ananas Sativus Extract, Diospyros Kaki Extract	Enzymes such as papain, bromelain, fruit acids and fruit sugars, vitamins, minerals	Anti-inflammatory, enhances circulation: cellulitis products, anti-aging cosmetics
FERUSOL F not preserved Art. No. P-00019738	Propylene Glycol, Oryza Sativa Extract	Ferulic acid, oryzanol	Plant-based ingredients to support UV protection and antioxidant products
FERUSOL G not preserved Art. No. P-00020398	Propylene Glycol, Glycyrrheticin Glabra Extract, Oryza Sativa Extract	Ferulic acid, glycyrrheticin acid	UV protection-enhancing, natural compound with antioxidant effect and antiinflammatory properties
FRUIT ENZYME COMPOUND 3 preserved Art. No. P-00019516	Propylene Glycol, Aqua, Ananas Sativus Extract, Carica Papaya Extract, Ficus Carica Extract, PEG-40 Hydrogenated Castor Oil	Fruit enzymes, fruit acid, polysaccharides	Promotes circulation, skin-firming: massage products, leave-on products (crèmes, body milk etc.), cellulitis therapy
HONEY WILD BERRIES preserved Art. No. P-00019735	Glycerin, Aqua, Honey, Rosa Canina Extract, Sorbus Aucuparia Extract, Sambucus Nigra Extract	Sugar, polysaccharides, fruit acids, vitamins	In care products for adolescent skin problems, irritated skin with gentle, natural peeling effect
INSECT REPELLENT CONCENTRATE not preserved Art. No. P-00019469	Polysorbate 20, Quassia Amara Extract, Scoparia Dulcis Extract, Azadirac Indica Extract	Quassin, azadirachtin, essential oils	Plants used as insect repellents in traditional folk medicine
KAPHA COMPOUND not preserved Art. Nr. P-00019598	Glycerin, Aqua, Angelica Archangelica Extract, Prunus Armeniaca Extract, Juniperus Communis Extract, Mentha Arvensis Extract	Flavonoids, fruit acids, proteins, minerals, vitamins, essential oils	Ayurvedic cosmetics, specially formulated for Kapha type
LILY COMPOUND "C" G not preserved Art. No. P-00019496	Glycerin, Aqua, Aralia Nudicaulis Extract, Yucca Vera Extract, Asparagus Officinalis Extract	Saponins, steroid saponins, minerals, asparagin, sarsaparillosid	Soothing, cooling, antibiotic, anti-inflammatory: in bath and shower products

The information published in this informational brochure has been examined and presented as accurately as possible. The data are based on information from product literature. Nevertheless, we cannot guarantee the absolute accuracy of the information provided herein.

PRODUCT	INCI	INGREDIENTS	RECOMMENDED APPLICATION
LIQUIRISOL "C" not preserved Art. No. P-00019499	Propylene Glycol, Glycyrrhizia Glabra Extract, Usnea Barbata Extract	Glycyrrhizin, glycyrrhetic acid, usnic acid	Promotes healing, lessens skin itching, antioxidant and antibacterial effect, anti-inflammatory: after-sun cosmetics, aftershave products, special bath products and crèmes
LOTUS VITAMIN E COMPOUND preserved Art. No. P-00019737	Propylene Glycol, Aqua, Tocopherol, Nelumbo Lucifera Extract	Nuciferines, flavonoids, sterols, vitamin E	Special radical catching function in high-quality facial crèmes
MILK- HONEY EXTRACT preserved Art. No. P-00019578	Mel, Aqua, Glycerin, Lactis Lipida	Natural sugars, polysaccharides, lipids	Bath care products for gentle skin regeneration, revitalizing
MOUNTAIN MEADOW HAY EXTRACT "C2" PEX Art. No. P-00006078	Phenoxyethanol, Hay flower	Flavonoids, tanning agents, essential oils, cumarin	Especially suited for bath additives and body crèmes
OAT MILK preserved Art. No. P-00019503	Glycerin, Avena Sativa, Aqua, Lactis Lipida	Proteins, glutamine acids, amino acids, lactose, lactic acid, vitamins A and E, proteins, enzymes	Skin softening emollient effect, especially suited for skin and hair products, moisturizing: promotes skin elasticity in crèmes and shampoos
ORYZOL not preserved Art. No. P-00019633	Oryza Sativa Bran Oil, Oryza Sativa Extract	Essential fatty acids, oryzanol, ferulic ester	Special skin care product, anti-inflammatory effect, sun care products, hair care products
P3 COMPOUND not preserved Art. No. P-00020063	Polysorbate 20, Solidago Virgaurea Extract, Polygonum Fagopyum Extract, Rheum Palmatum Extract, Aqua	Flavonoids, carbonic acids, anthraquinone glycosides, tanning agents, stilbene derivatives, saponins, polysaccharides, essential oils, plantbased hormones	In care products for sensitive skin, for rosacea: antioxidant effect, enhances tyrosinase inhibition
PHYTO "COLLAGEN" not preserved Art. No. P-00019550	Polysorbat 20, Althea officinalis Extract, Aqua	Polysaccharides, rhamno-galacturonans, neutral α -glucam, starch, flavonoids, phenolic carbonic acids, scopoletin	Emollient, care products for dry and mature skin, caring and protective effect, crèmes for skin irritation

The information published in this informational brochure has been examined and presented as accurately as possible. The data are based on information from product literature. Nevertheless, we cannot guarantee the absolute accuracy of the information provided herein.

PRODUCT	INCI	INGREDIENTS	RECOMMENDED APPLICATION
PHYTOFLAVO "C" not preserved Art. No. P-00019730	Polysorbate 20, Fagopyrum Esculentum Extract, Verbascum Thapsus Extract, Aqua	Flavonoids (especially rutin)	Care product for enhancing blood circulation in leg care products, senior cosmetics etc.
PINEAPPLE EXTRACT "C" G TOP not preserved Art. No. P-00019585	Glycerin, Aqua, Ananas sativus Extract	Bromelain, fruit acid, vitamins, minerals	Hair growth inhibitors: used in lady shave and aftershave products
PITTA COMPOUND not preserved Art. No. P-00019525	Glycerin, Aqua, Vitis Vinifera Extract, Aloe barbadensis Extract, Lavandula angustifolia Extract, Carica papaia Extract, Benincasa hispida Extract	Tartaric acid, maleic acid, tanning agents, aloins A and B, barbaloins, monoterpene, sesquiterpene, papain	Ayurvedic cosmetics, specially formulated for Pita type
RED BERRY COCKTAIL not preserved Art. No. P-00019476	Glycerin, Aqua, Vaccinium Macrocarpon Extract, Sorbus Aucuparia Extract, Fragaria Vesca Extract	Fruit acids, vitamin C, minerals, flavonoids, tanning agents, wax	Astringent, refreshing, replenishing: recommended for facials, tonics and wash lotions
SEBUM CONTROL COMPOUND not preserved Art. No. P-00020399	Alcohol denat., Aqua, Arctium Lappa Extract, Paeonia Albaflora Extract, Rheum Palmatum Extract	Inulin, polysaccharide, tanning agents, mucins	Enhances the antiseptic effect with a slight fungicide for regeneration of the scalp
SILK MILK preserved Art. No. P-00019732	Glycerin, Aqua, Lactis Lipida, Hydrolyzed Silk	Hydrolyzed silk, amino acids, lactic acids and lactose	Protects the skin and the hair from negative environmental factors, revitalizes and restores damaged skin and hair
SILK LIQUID preserved Art. No. P-00019528	Propylene Glycol, Aqua, Hydrolized Silk	Amino acids, polysaccharides	Support for revitalizing the skin and hair in crèmes and shampoos
SLIM FORMULA L preserved Art. No. P-00019747	Aqua, Glycerin, Alcohol denat., Phosphatidylcholine, Polysorbat 20, Hedera Helix Extract, Tilia Cordata Extract, Maydis Stigmatum Extract, Fucus Vesiculosus Extract	Oleanolic acid, bayogenin, hederasaponin, flavonoids glycoside, mucins, Alginate acid, laminarin	Recommended for massage oils and cellulitis treatments, firming and astringent effect, exsiccating and flushing

The information published in this informational brochure has been examined and presented as accurately as possible. The data are based on information from product literature. Nevertheless, we cannot guarantee the absolute accuracy of the information provided herein.

PRODUCT	INCI	INGREDIENTS	RECOMMENDED APPLICATION
USNEA BARBATA LIQUID not preserved Art. No. P-00019605	Propylene Glycol, Usnea Barbata Extract	Lichen acids (including usnic acid)	Bactericide, antiseptic, antimycotic shampoo, deodorant, antiperspirant, toothpaste, oral care products
VATA COMPOUND not preserved Art. No. P-00019599	Glycerin, Aqua, Vitis Vinifera Extract, Coriandrum Sativum Extract, Glycyrrhiza Glabra Extract, Psidium Guayav Extract	Tartaric and maleic acids, tanning agents, terpen, glycyrrhetic acid, polysaccharides	Astringent, anti-inflammatory: Ayurvedic cosmetics, specially formulated for the Vata type
VITAMIN MINERAL COMPOUND preserved Art. No. P-00019733	Propylene Glycol, Aqua, Panthenol, Urea, Glycyrrhiza Glabra Extract, Maris Sel, Sodium Gluconate,	Provitamins, saponins, glycyrrhetic acid	Especially suited for sun-care and after-sun products, to enhance anti-inflammatory effects and moisture retention
VITASOL not preserved Art. No. P-00019625	Oryza Sativa Bran Oil, Elaeis Guinensis Kernel Oil, Retinyl Palmitate, Tocopherol, Oryza Sativa Extract	Natural vitamins	Oil compound for activating care of dry, damaged skin
VITIS VINIFERA "C" PG not preserved Art. No. P-00019589	Propylene Glycol, Vitis Vinifera Extract	Proanthocyanidine, catechins, flavonoids, polyphenols	Radical catching function, antioxidant and antimutagenic effect, used in sun-care products, products for mature skin
WILD BERRY EXTRACT preserved Art. No. P-00019507	Glycerin, Aqua, Rosa Canina Extract, Sorbus Aucuparia Extract, Sambucus Nigra Extract	Vitamin C, maleic and citric acid, sorbitol, sambucin	Astringent, firming: used in hair and facial cosmetics as well as bath additives
